PRESS RELEASE

jadian Announces Alliance with Ali Bin Ali Technology Solutions

Collaborative sales and deployment effort throughout Qatar

Lansing, Michigan (December 10, 2008): jadian enterprises, a Lansing-based compliance and inspection management solution developer, today announced a strategic alliance with Ali Bin Ali Technology Solutions, a leading Information Technology provider headquartered in Doha, Qatar. The two companies will collaborate to deploy jadian's solutions to a broad spectrum of industry sectors and government ministries throughout Qatar and adjoining regions.

"We've had excellent success in the United Arab Emirates and Qatar represents a natural expansion opportunity for our products and services in the Middle East," said Jerry Norris, President and CEO of jadian enterprises. "We think our success with Dubai Municipality, the Roads and Transport Authority of Dubai, and the U.A.E. federal Ministry of Labor will translate quickly into success in the Qatari market. As you would expect, jadian is elated to be aligned with a major IT company like Ali Bin Ali Technology Solutions."

Through the strategic alliance, jadian will gain immediate access to Ali Bin Ali's existing customer base which includes leading Qatari companies in the oil and gas, telecommunication, transportation, utility, construction, lodging, and food safety industries as well as key government ministries and municipalities. Ali Bin Ali Technology Solutions will become an authorized reseller of jadian's software offerings and participate in system deployment and project management activities.

"We believe that Ali Bin Ali's stellar reputation and IT expertise, combined with jadian's compliance toolkit, makes us a formidable team in the Qatari market," commented Norris. "We believe we can ramp up quickly and establish a noticeable presence in the compliance and inspection marketplace."
